

EXQUISITE PORCELAIN SLABS

UV AND HEAT RESISTANT

High temperatures, heat and prolonged sunlight exposure do not have any discoloration effect on LAMAR slabs

DURABILITY

LAMAR has incredible strength and impact resistance. MOR (Modulus of Rupture) is min 40N/mm2 (Granite is 13.8N/m2)

FROST RESISTANT

On account of its low water absorption rate and porosity, LAMAR slabs withstand freeze/thaw conditions with minimal to zero effect. As a result it can be used in areas that experience

LAMAR FEATURES

MULTIPLE APPLICATIONS

REPLICATES NATURAL STONE

LAMAR is available in a very exclusive size in carefully curated designs that will complement a number of applications

STAIN RESISTANT

As LAMAR slabs have very low porosity, liquids and chemicals like bleach, hydrochloric acid and other cleaning agents do not penetrate the surface

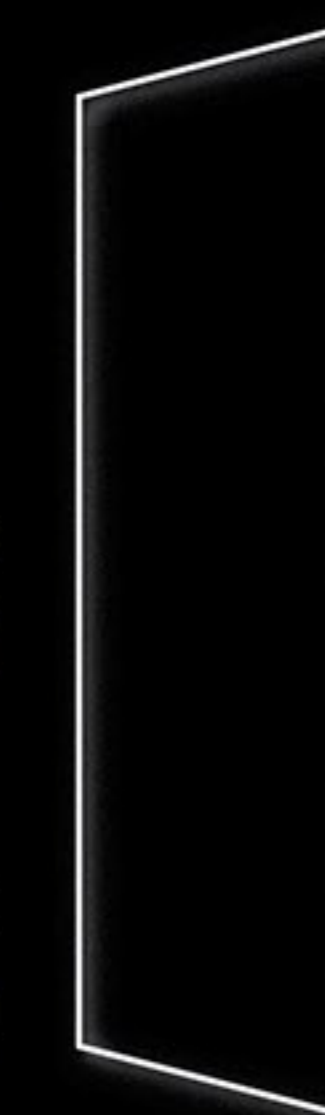

ROME

Bring the electric radiance of white to any space with Rome. The widely spread veins of grey decorate the paper white surface to emphasize the stylish look of the gleaming slab

SIZE:
320 cm x 80 cm
